

What parents are saying about us:

“I love all of the teachers and the director. They all truly care for each and every child. “ – S.K.

“We love St. Paul’s Preschool and Children’s Day Out. Our 2 year old can’t wait to go to school in the morning and doesn’t want to leave when I go to pick her up. The small class sizes allow for each child to grow and develop into independent little learners. My daughter enjoys learning about each monthly theme and comes home with so many wonderful art pieces. Even though we are moving in this month, we are still going to make the drive for years to come in order to bring our daughter to St. Paul’s because we love it so much. We are so happy to have found such a nurturing learning environment for her during these vital years before going to kindergarten.” - S.W.

“We are in our second year at St. Paul’s and it has truly been a second home. The teachers care and do all they can to accommodate you and the children. They are great with communication and offering suggestions in all areas. They spend a lot of time outdoors and I love that as well. It is just a very well rounded curriculum.” - J.H.

“Awesome Staff, Director, Communication with parents. I was clueless being a new parent and not knowing what I needed to do to get my son ready for his first year. Pat, the director, went out of her way to get back with me asap and help me thru it all. Most of all (the reason we chose St. Paul’s) is the play-based curriculum with less worksheets and so much hands-on activities!! The best way to learn for kids this age. Extra learning and fun include Music, Art, Nature! As a parent all these things are important to me. Wonderful place. – M.J.

“We absolutely love St. Paul’s! The teachers are fantastic and truly care about the kiddos...[my son] absolutely loves taking nature walks on the trail behind the school – such a unique feature that many other preschools don’t offer! St. Paul’s is such a wonderful place and we are thankful that our children can learn and grow there.” – R.J.

“The teachers are wonderful. You can feel the positive energy right when you walk in the building. The program is so well-rounded and diverse...” – K.K.

“Great Preschool...A+” – P.D.
